

# So You Need a Passport?

In order to apply for your passport, follow the steps below:

1. Visit the US Passports and International Travel Website (<http://travel.state.gov/content/passports/en/passports/apply.html>), where you will be able to calculate the passport cost, determine passport eligibility, and complete the passport application online (you must print it once completed because there is no online submission process).
2. Collect/assemble the required documents. A list of the required documents can be obtained from the above website.
3. Official passport photos are available at places such as CVS and Walgreen pharmacies.
4. Schedule an appointment to submit your passport application at a US Government Post Office location which has a Passport Acceptance Facility. Available appointments vary from location to location.

Some Passport Acceptance Facilities near the TAMU-CC Campus are the following:

Facility Name	Street Address	City	State	ZIP Code	Public Phone	Distance (miles)
